# Who Are We!

New Horizons Christian Academy is a ministry of New Horizon Worship Center. Revs. Deodath and Jean Mathai founded our school in the summer of 2008. We are proponents of the individualized approach to learning, and we faithfully subscribe to the idea that every child is important. NHCA is always committed to the holistic development of the child. Consequently, due diligence is taken to ensure that learning occurs. We intend to bring out the best in each student and seek to promote a healthy learning environment. Emphasis is placed on the intellectual, physical, emotional, and spiritual domains of development. We desire academic excellence in all our students, thus our “one-on-one” interventions! Our goal is to help children learn and excel in their pursuit of life and happiness.

New Horizons, Alma Mater  
Your sons and  
Daughters are true.  
Long as the stars are  
In the heavens,  
We’ll always cherish you.**

**We are committed to the 5 Laws of Learning**

### **Law 1. How heavy is the load?**

The student must be on a level of curriculum where he can perform.

Biblical principle: all children are different: "...For unto whomsoever much is given, of him shall much be required..."

### **Law 2. How long is the stick?**

The student must set achievable goals he can complete in a prescribed period.

Biblical principle: reflects good judgment: "For which of you ... sits not down first, and counts the cost...?"

### **Law 3. How effective are the controls?**

The student must be controlled and motivated to assimilate, use, or experience the material.

Biblical principle: necessity for discipline, guidance, and responsible leadership: "Train up a child in the way he should go..."

### **Law 4. How hungry is the donkey?**

The student's learning must be measurable.

Biblical principle: motivation is that inner desire prompted by the concerned parent teacher: "Whatsoever ye do, do it heartily as to the Lord..."

### **Law 5. How big is the carrot?**

The student's learning must be rewarded.
